Press release

MiG Corporation is taking part in the Paris Air Show 2015

JSC Russian Aircraft Corporation MiG (a UAC company) is presenting modern aircraft at the Paris Air Show 2015. The air show is held in the Paris suburb of Le Bourget from 15 till 21 June.

Within a joint display of United Aircraft Corporation RAC MiG is showing models of MiG-29K and MiG-35 fighters.

Meetings with several foreign delegations interested in new RAC MiG aircraft and in upgrade programs of previously delivered MiG-29 fighters are scheduled during the exhibition.

RAC MiG in cooperation with JSC Rosoboronexport performs more than 100 contracts with 20 countries. They provide for delivery of new aircraft, repair, upgrade and after sales service of MiG fighters in dozens of countries.

Among future international activities of RAC MiG are performance of offset agreements and cooperation with world's leading companies to improve the aircraft of foreign customers.
